Class X (MPBSE) || 96 %

Skills

Programming Languages : C , C++ , Java
Web development : HTML , CSS

Project

ATM Simulator | C++
Developed a console-based ATM Simulation System using C++ and Object-Oriented Programming concepts. The system provides features such as balance inquiry, cash withdrawal, cash deposit, and PIN-based authentication. It utilizes classes, objects, functions, loops, and conditional statements to simulate real-world ATM operations. A menu-driven interface was designed to ensure a simple, interactive, and user-friendly banking experience.

Certifications

- C Programming – Simplilearn
